

INDEX

VOLUME VI, Nos. 1-12 (SEPTEMBER, 1955—AUGUST, 1956)

	PAGE		PAGE
A			
Abstracts	11, 35, 36, 37, 38, 72, 73, 101, 104, 106, 122, 131, 141, 166, 209, 210, 219, 242, 255, 271, 296, 301, 321, 324, 332, 337, 345, 349, 357, 381, 385, 386		
Adamantinoma of the mandible	-	-	257
ANDERSON, JOHN N.: A bite-block rim trimmer	-	-	105
Angle's Class III malocclusion	-	-	151
Annealer, inlay-wax and squash-bite	-	-	102
Anodontia, partial	-	-	322
Antibiotics in root-canal therapy, uses of	-	-	362
B			
BALLARD, C. F.: A consideration of the physiological background of mandibular posture and movement	-	-	80
— see GREWCOCK, R. J. G., jr. auth.			
BEAGRIE, G. S.: Rubber-base impression materials: their study and a technique for use in conservative dentistry	-	-	334
Birmingham College of Technology	-	-	101
Bite analysis and selective grinding in dental practice	-	-	2
Bite-block rim trimmer	-	-	105
Bone	-	-	374
Bone-grafts in periodontal disease	-	-	98
Book Reviews (see <i>Reviews</i>)			
Borough Polytechnic (Dental Technology)	-	-	30
BREAKSPEAR, E. K.: Auxiliary springs for retraction of canines	-	-	297
Bridges, with reference to periodontal tissues	-	-	178
British Society of Periodontology, Proceedings of:			
Programme 1955-56, 74; Annual clinical meeting, 1955, 31; Annual general meeting, 101; Bone, 374; Bone-grafts in periodontal disease, 98; Bridges, 178; A case of marked localized gingival recession, 288; Congenital keratosis of the gingiva, 348; Further clinical and laboratory investigations with antibiotics in the treatment of acute and subacute ulcerative gingivitis, 31; Periodontal splints, 32; Periodontology in the general dental service, 110; Removable periodontal splints, 32; Some lesions of the oral mucosa, 31			
British Society for the Study of Orthodontics, Transactions of:			
Angle's Class III malocclusion, 151; Auxiliary springs for retraction of canines, 297; The clinical assessment of the unerupted maxillary canine, 279; Clinical types, 222; A consideration of the physiological background of mandibular posture and movement, 80; A contribution to the functional anatomy of the mandibular joint, 91; Fistulae of the lips, 382; Ideal dental occlusion in the primates, 47; A lingual appliance for mesiodistal tooth movement, 23; The new look in orthodontics, 350; Preliminary investigation of mandibular guidance in postural Class III cases, 18; Provincial meeting, 269; The relationship of the lip line to the incisor teeth, 12; Speech defects and malocclusion: a palatographic investigation, 123; A survey of malocclusion and some aetiological factors in 1000 Sheffield schoolchildren, 187; Variations on a scheme by Andresen, 346			
BROADWAY, E. S.: A case of adamantinoma of the mandible	-	-	257
BROWN, GRACE: Matrices for deciduous teeth	-	-	78
— see HORSNELL, A. M., jr. auth.			
Buccal tonsil	-	-	383
C			
CETRIMIDE B.P., use of as a socket dressing	-	-	164
Children's dentistry, problems of	-	-	370
Christian Dental Fellowship	-	-	332
Chrome cobalt alloys, effect of denture cleaning solution on	-	-	304
Clinical types	-	-	222
Closure, abnormal paths of, clinical aspects and physiological mechanism of	-	-	259, 291
Congress of the International A.R.P.A.	-	-	90
— Stomatology, fifteenth French	-	-	240
— Italian, thirty-first	-	-	201
Cotton fibres, wound contamination by	-	-	310
Critic's Corner	-	-	210
CROSS, W. G.: Bone-grafts in periodontal disease	-	-	98
D			
Dental Board of the United Kingdom:			
Chairman's address at the sixty-ninth session, 132; Chairman's address at the seventieth session, 327; Public session, 243			
— Implant Society of Great Britain	-	-	142
— infection, inflammation of lymphatics of face secondary to	-	-	63
